

2018 MN Tree Inspector Certification Workshops

Registration Form

***Preregistration is mandatory and must be received by the listed due dates.**

****No walk-in registrations at either workshop.**

The MN Tree Inspector Certification Workshops are designed for individuals interested in becoming certified tree inspectors for the first time. Workshop content is designed to prepare attendees for taking the tree inspector certification exam, which is offered at the end of the workshop. New certification workshops also count towards continuing education credits for current tree inspectors.

Direct all questions to treesins@umn.edu
